OVERVIEW

SVFL is a Non-Deposit accepting NBFC with a record of consistent growth and profitability. This Management Discussion and Analysis Report have to be read in conjunction with the Company's financial statements, which follows this section. The Financial Statements have been prepared in compliance with the requirements of the Companies Act, 2013, and Generally Accepted Accounting Principles (GAAP) in India and the directions issued by Reserve Bank of India for Non-Banking Financial Companies from time to time, wherever applicable. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner the form and substance of transactions, and reasonably present the Company's state of affairs and profits for the year. The following discussion may include forward looking statements which may involve risks and uncertainties, including but not limited to the risks inherent to Company's growth strategy, change in regulatory norms, economic conditions and other incidental factors. Actual results could differ materially.

NON-BANKING FINANCE COMPANY (NBFC) OUTLOOK

For several years, NBFCs have rapidly emerged as an important segment of the Indian Financial System. The sector is now being recognized as complementary to the banking sector due to the implementation of innovative marketing strategies, introduction of tailor made products, customer-oriented services and attractive rates of return and simplified procedures. NBFCs have emerged as a powerful force for financial inclusion in India, serving the bottom of the pyramid rural clients. NBFCs are characterized by their ability to provide niche financial services in the Indian economy. Because of their relative organizational flexibility leading to a better response mechanism, they are often able to provide tailor-made services relatively faster than banks. NBFC's are governed and are required to be registered with RBI, follow stringent prudential norms prescribed by RBI in the matters of capital adequacy, credit investment norms, asset-liability management, income recognition, accounting standards, asset classification, provisioning for NPA and several disclosure requirements. Besides this, RBI also supervises the functioning of NBFCs by conducting annual on-site audits through its officials. Such a rigorous regulatory framework ensures that NBFCs function properly and follow all the guidelines of RBI. Thus in all respect the monitoring of NBFCs is similar to banks.

Report on the Standalone Ind AS Financial Statements

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit, and its cash flows for the year ended on that date.

Basis for Opinion

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

In our opinion and based on the information and explanations given to us, there are no other key audit matters to be communicated in our report, other than those morefully described in the Emphasis of Matters paragraph of our report which describes the uncertainties and the impact of Covid-19 pandemic on the Company's operations and results as assessed by the management.

Emphasis of Matter

As more specifically explained in Note 4 to the financial statements, the Company has made a detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company continues to evaluate them as highly probable considering the orders in hand. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 pandemic which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

Our opinion is not modified in respect of this matter.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act., read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material

misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements.

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure -A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these standalone Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in “*Annexure B*” to this report;
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The company does not have any pending litigation which would impact its financial position;
 - ii) The company did not have any long term contracts including derivatives contract for which there were any material foreseeable losses.
 - iii) There were no amounts which required to be transferred to the investor education and protection fund by the company.

“Annexure B” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of Shreevatsaa Finance & Leasing Ltd. Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the Internal Financial Controls over Financial Reporting of Shreevatsaa Finance & Leasing Ltd. (“the Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of

financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SHREEVATSAA FINANCE AND LEASING LIMITED

Notes to Financial Statements for the year ended March 31, 2020

1 General information

Shreevatsaa Finance and Leasing Limited (the company) is a public limited company domiciled and incorporated in India. The registered office of the Company is located at Lajpat Nagar, Kanpur.

The Financial Statements were authorised for issue by the Company's Board of Directors on 30th June, 2020.

2 Statement of Compliance

The financial statements comply in all material aspects with Indian Accounting Standard (Ind AS) notified under the Section 133 of the Companies Act, 2013 (the Act), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

SHREEVATSAA FINANCE AND LEASING LIMITED

3 Summary of Significant Accounting Policies

(a) **Basis of preparation**

The financial statements of the Company have been prepared on going concern basis in accordance with recognition and measurement principles prescribed under Section 133 of the Companies Act, 2013 read with the rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016 issued thereunder and other accounting principles generally accepted in India.

The management believes that it is appropriate to prepare these financial statements on a going concern basis considering available resources, current level of operations of the Company, and those projected foreseeable future.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities measured at fair value.

Management has prepared Financial Statements to depict the historical financial information of the Company except for Investments forming part of financial assets which have been measured at fair value.

SHREEVATSAA FINANCE AND LEASING LIMITED

(b) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Any revisions to accounting estimates are recognized prospectively in current and future periods.

Judgments

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Assessment of useful life of Property, plant and equipment
- Assessment of useful life of Intangible assets
- Provisions and contingent liabilities
- Income taxes
- Lease classification indicating whether an arrangement contains a lease
- Inventory valuation

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant impact on the financial statements are as mentioned below:

- Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.
- Impairment test of non-financial assets: key assumptions underlying recoverable amounts
- Impairment of financial assets
- Fair value measurement
- Recognition of deferred tax assets: Availability of future taxable profits against which such Deferred tax assets can be adjusted.

(c) Current versus non-current classification

All assets and liabilities have been classified as current or non-current, wherever applicable as per the operating cycle of the Company and other criteria set out in the Act. Deferred tax asset and liabilities are classified as non-current assets and non-current liabilities as the case may be.

(d) Property, plant and equipment

Under the previous GAAP (Indian GAAP), Property, plant and equipment (PPE) were carried in the balance sheet at their respective carrying value. Using the deemed cost exemption available as per Ind AS 101, the company has elected to carry forward the carrying value of PPE under Indian GAAP as on 31 March 2018 as book value of such assets under Ind AS at the transition date ("1 April 2017").

Capital work-in-progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

SHREEVATSAA FINANCE AND LEASING LIMITED

Subsequent Costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably with the carrying amount of the replaced part getting derecognised. The cost for day-to-day servicing of property, plant and equipment are recognised in Statement of Profit and Loss as and when incurred.

As permitted by Ind AS 101 First-time Adoption of Indian Accounting Standards, the company has continued to apply paragraph 46A of AS 11 The Effects of changes in Foreign Exchange Rates under Indian GAAP.

Accordingly, the company adjusts exchange differences arising on translation/settlement of long-term foreign currency monetary items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period) pertaining to the acquisition of a depreciable asset to the cost of the asset and depreciates the same over the remaining life of the asset. In accordance with MCA circular dated August 09, 2012, exchange differences adjusted to the cost of fixed assets are total differences, arising on long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset, for the period. In other words, the company do not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Derecognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(e) Depreciation/amortization of fixed assets

Depreciation is calculated on a written down value basis over the estimated useful lives of the assets as follows:

	Years
• Plant and equipment	12
• Office equipment	05
• Furniture & fixture	10
• Computers	03
• Vehicles	08
• Computer Software	06

Fixed assets having value less than INR 5,000 are fully depreciated in the year in which it is put to use.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

(f) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/ external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which asset belongs is less than its carrying amount, the carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognised are accordingly reversed in the statement of profit or loss.

SHREEVATSAA FINANCE AND LEASING LIMITED

(g) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider -

- i) All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade Receivables

The Company applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised from the date of initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

(h) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds (this cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs).

The loan origination costs directly attributable to the acquisition of borrowings (e.g. loan processing fee, upfront fee) are amortised basis the Effective Interest Rate (EIR) method over the term of the loan. The EIR amortisation is recognised under finance costs in the Statement of Profit or Loss. The amount amortized for the period from disbursement of borrowed funds upto the date of capitalization of the qualifying assets is added to cost of the qualifying assets.

(i) Earnings per equity share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issue date later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

SHREEVATSAA FINANCE AND LEASING LIMITED

(j) **Income taxes**

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current income tax assets and liabilities are offset if a legally enforceable right exists to set off these.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

In situations where company is entitled to a tax holiday under the Income-tax Act, 1961, enacted in India, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period.

Deferred taxes in respect of temporary differences which reverse after the tax holiday period are recognized in the year in which the temporary differences originate.

However, the company restricts the recognition of deferred tax assets to the extent that it has become reasonably certain that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

(k) **Contingent liabilities and assets**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets are disclosed where an inflow of economic benefits is probable.

SHREEVATSAA FINANCE AND LEASING LIMITED

(l) Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimate.

(m) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Investments in mutual funds & Shares

Investment in shares & mutual funds are measured at Fair Value through Other Comprehensive Income (FVTOCI).

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 (Business Combinations) applies are classified as at FVTPL. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVOCI category are measured at fair value with all changes recognized in the P&L.

SHREEVATSAA FINANCE AND LEASING LIMITED

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

The rights to receive cash flows from the asset have expired, or

The respective company has transferred their rights to receive cash flows from the asset or have assumed the obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; And

Either the Company:

(a) has transferred substantially all the risks and rewards of the asset, or

(b) has neither transferred nor retained substantially all the risks and rewards of the asset, but have transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the continuing involvement of Company. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or payables, as appropriate.

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The financial liabilities of the company include trade and other payables, loans and borrowings including bank overdraft.

Subsequent measurement

The measurement of financial liabilities depends on their classification as discussed below:-

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to borrowings.

The company perform quantitative analysis to determine whether an exchange or a modification is to be accounted for as an extinguishment. If the change in discounted cash flows (calculated on the basis of EIR) of the revised loans as compared with the original loan is less than 10%, the exchange or modification is not accounted for as an extinguishment and the unamortised loan origination costs in respect of the original financial liability are carried forward and amortised over the life of the modified loan facility. However, if the impact on cash flows due to modification is equal to or more than 10%, the unamortised loan origination costs of the initial loan facility are directly taken to the Statement of Profit and Loss as finance costs in the same year.

SHREEVATSAA FINANCE AND LEASING LIMITED

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged/ cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets and liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(n) Fair value measurement

The Company measures financial instruments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

SHREEVATSAA FINANCE AND LEASING LIMITED

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

At each reporting date, the management of the Company analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the accounting policies of the Company.

For assets and liabilities that are recognised in the Financial Statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

This note summarises the accounting policy for determination of fair value. Other fair value related disclosures are given in the relevant notes as following:

- Disclosures for significant estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Financial instruments (including those carried at amortised cost)

(o) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Operating incomes are exclusive of any rates, taxes and duties payable to government.

Dividend income is recognised on receipt basis.

Interest income is accounted for on accrual basis.

(p) Exceptional Items

Exceptional items refer to items of income or expense within the income statement from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the company.

(q) Inventories

Inventories of the company consisting of Mutual Funds are valued by the management at lower of cost or market value of their acquisition. The valuation is based upon the Net Asset Value of schemes declared by the Mutual Fund Houses. The valuation is done by comparing the total cost and market value of each category of the mutual funds.

(r) Cash and Cash-Equivalents

Cash and short-term deposits in the balance sheet comprise cash at banks and cash in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Cash and cash equivalents includes bank overdrafts are form an integral part of Company's cash management.

(s) Events occurring after the Balance Sheet date

Impact of events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date are adjusted to respective assets and liabilities.

Functional Currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates. The functional currency of the Company is Indian Rupee.

- 4 The operations of the company were not impacted in the month of March' 2020 due to the nationwide lockdown announced by the Government of India because of COVID -19 outbreak. The company management has prepared cash flow projections and also assessed the impact on operations. As the company predominantly engaged in the business of Advancing Loans and Trading in Securities, the company expects there will be no effect on the revenue of the company from such businesses. Board is also of the opinion that this Pandemic will not effect the Going concern of the Company.

Disclosures under Micro, Small and Medium Enterprises Act, 2006

The Company has not received any memorandum (as required to be filed by the suppliers with the notified authority under the Micro, Small and Medium Enterprises Development Act, 2006) claiming their status as micro, small or medium enterprises. Consequently, the information required to be furnished in terms of para 6, after sub-para F of Part I of Schedule III to the Companies Act, 2013 with respect to the amount unpaid as at the year end to such enterprises together with the interest paid/payable to such parties has not been disclosed.

Further, in the absence of such information being available in respect of MSME as above, the "total outstanding dues of micro enterprises and small enterprises" as required to be disclosed vide para 4 (b) of Part I of Schedule III to the Companies Act, 2013 has been disclosed as nil on the face of the Balance Sheet . As a consequence, the total amount payable to suppliers as at the year end has been classified as "total outstanding dues of creditors other than Micro enterprises and small enterprises" under Trade Payables in the Balance Sheet."
